## **WRITE UP**

The 10<sup>th</sup> edition of Memory Junction was held on 1st October 2022. The speaker was Dr. Mudita Bhatia. (Ex Savitrian-2006). An accomplished medical professional, Dr. Mudita is M.B.B.S, M.D (Anaesthesiology, IDCCM (Indian Diploma of Critical Care Medicine). Currently, she is appointed as Consultant Anaesthesiologist and ICU Intensivist at Shanti Devi Ji Institute and Advanced Endoscopy Centre, Hisar. She is member of Indian Society of Anaesthesiologists and Indian Society of Critical Care Medicine. Focusing on the importance of being true to oneself by following your passion and doing what you enjoy doing, she reiterated the importance of maintaining consistency in the hard work to make decisions and not be fearful of failing. Fondly reminiscing her school days, Dr. Bhatia spoke about the fun she had, the spirit of independence she cultivated while remaining rooted in the warmth of the school community. She spoke about the role played by school in shaping her life and shared some valuable life lessons with the students. A rapid fire round with candid questions and equally candid answers added to the fun. In all it was an afternoon full of warmth, nostalgia and bonhomie.
