She has also worked in a collaborative effort of *BBC and British Council* as a Student Reporter. She also holds her Internship at Centre for Legislative Research and Advocacy (CLRA), Delhi.

WRITE UP

VDJS organised its 9th edition of the Virtual Alumnae Talk Show 'Memory Junction' on Monday, January 23, 2021 for grades XI-XII as the part of their alumnae connect programme. The speaker was Lt. Amreen Kaur. She was our first guest from the armed forces at a time when the army has opened the NDA exam for the girls. The session was an enchanting afternoon with a free flow of memories along with some wonderful pieces of advice for the present students to join Indian Army. The girls had several questions to ask ranging from school time nostalgia and career advice and the speaker had answers for all. Fondly reminiscing her school days, Lt. Amreen spoke about the fun she had, the leadership skills she imbibed in the discharge of her duties as the Head Girl and the spirit of independence she cultivated while remaining rooted in the warmth of the school community. The session concluded with a promise from the resource person to visit the school at the earliest.
