evening of 2nd November and attended the opening ceremony in which the all the students were divided in different teams namely मुस्कान, पहल, दिशा, परमार्थ, सद्भाव, ऊर्जा, संकल्प, निष्ठा, चैतन्य, सेवा। We played different fun games in our respective groups. Arpan and Karnika won the game of making longest chain using their belongings. Our 1st day started with an energetic aerobic session which was conducted by Ma'am Sunaina. Then the students in their respective groups went to learn different skill based

activities which included making Tie and Dye Scarves, Resin Key Chains, Gel Candles, making puppets and table clothes followed by a workshop on charcoal and soft pastel painting conducted by Art Forte.

In the evening we were addressed by Lt. Col. Utsav Singh (SM) who shared his personal experiences and motivated us with his words. After the session we went to the mall and had a pizza party.

Second day started with a banger as we went for trekking and nature walk in the Mountaineering and Adventure Institute of Rajasthan at Jhalana hills.

We learned river crossing and mountain climbing which helped us overcome our fear and may come handy in future as well. After coming back from trekking we all gathered for the group photo. Then we went to Anna's Back to School NGO, Government school, Old age home and school for underprivileged children. We also performed several activities which included Wall Painting, origami & Puppet Show and also interacted with the small

kids. After coming back from the NGOs we got ready for social and cultural evening. Every school either did a skit or spoke something on a social topic. Tanisha Khetan from our school spoke on community service and how as gen-z we should understand its importance.

We also had a great time interacting with the principle of MGD school Ma'am Archana S. Mankotia. The night ended with an electrifying jam session.

Day 3

After breakfast there were different activities planned for us. Underprivileged children from Ana's NGO and children from blind school came to the campus to play different games like kho-kho, football and cricket with some groups and the rest of the groups went to visit the blind school and were engaged with them. There was also an exhibition put up with the articles made by the children on the 1st day. Then after having our brunch we had closing ceremony which was graced by the presence of Rajkumar and Rajkumari who are the decedents of Maharani Gayatri Devi and also the founders of many different NGOs. The students of blind school also sang a beautiful song for us.

We were informed that the school raised 30,000 rupees from the sale of the craft articles we made on the 1st day and also that the money will be donated to the NGOs in the name of social service and humanity. We also received our participation certificate in this ceremony.

This concluded our journey at MGD school, Jaipur. We started our journey back to school at 2 pm and reached by 9:10pm.

This new experience for us was really enthusiastic and enriching. We would love to have these kind of service activities in our school on regular basis.
