This Week

Along with the NGO "Bheekh nahin keetab Do," the Social Service League at VDJS started skill-development programs for students from underprivileged backgrounds. In the month of July, Jindlaites taught girls who lived in Hisar's slum area how to apply mehendi. These girls were given a platform where they could display their talent by putting mehendi on the hands of female staff members. Ma'am Principal and a total of 25 members took part in this exercise and inspired the girls. Preeti, Aarti, and Chand, three of the females, created some lovely designs. It was a modest effort to encourage the girls to develop independence.

School and Beyond

Roaring cheers echoed through the air as our school's U-19 soccer team clashed with fierce competitors at the IPSC tournament. After a series of thrilling matches, our team emerged with a well-earned third-place victory, cementing their status as a force to be reckoned with in the world of soccer.

IPSC SOCCER U-19

In the 7th East Zone (Pre-National) Shooting Competition, our students showcased extraordinary precision and skill. With unwavering determination, they hit the mark with impressive accuracy, leaving a trail of commendable achievements that exemplify their dedication and talent in marksmanship.

Embarking on a journey of debating excellence, the spirited students ventured to YPS Patiala. With eloquence and intellect as their arsenal, a team of debaters fearlessly took the stage, leaving a mark that resonated beyond words.

In the realm of volleyball, these young athletes showcased their unwavering commitment. A double victory in the districts marked their ascendancy, as they secured the coveted first position in both the U14 and U17 categories.

As these remarkable students returned to their school, they carried with them a trove of memories and achievements that will forever inspire and motivate.

PRE NATIONAL SHOOTING

VOLLEYBALL DISTRICTS

ASTRO-LOL-OGY

ARIES (March 21 - April 19):** Buckle up, because your curious nature might lead you and your sibling on an unexpected adventure. Whether it's deciphering what your mother asked you to find or looking for the lost TV remote, be ready to trade your usual GPS for a hand-drawn map created by your inner child.

TAURUS (April 20 - May 20):** Get ready for a musical twist this week as your sibling sneakily replaces your carefully curated playlist with their own favorite tunes. Embrace the unexpected music journey; you might discover a hidden love for 'baby shark doo doo'

****Gemini (May 21 - June 20):**** The stars suggest that a seemingly innocent debate with your sibling about pizza toppings could escalate into a full-blown mock trial. Get your judge's wig ready and prepare to present your best arguments for pineapple as a legitimate pizza topping. Don't forget to cross-examine the cheese!

****Cancer (June 21 - July 22):**** A shared nostalgia trip with your sibling could lead to uncovering some hilariously embarrassing childhood artifacts. Get ready to laugh at your questionable fashion choices and cringe-worthy photographs. Just remember, you both survived those awkward years together!

****Leo (July 23 - August 22):**** This week, get ready to shine as your inner comedian takes the stage. Your sibling might become your unsuspecting audience as you deliver punchlines that even the toughest critics (aka your sibling) can't resist.

****Virgo (August 23 - September 22):**** A joint DIY project with your sibling could turn into a hilarious misadventure. When that "easy-to-assemble" project starts resembling an abstract art piece or your attempt at a Pinterest-worthy cake ends up looking like modern art, at least you'll have a story to tell at the next family gathering.

****Libra (September 23 - October 22):**** Your sibling's suggestion for a movie night might involve a classic film that's so old it's practically a fossil. Dust off the VCR, unroll the projector screen, or simply fire up the streaming service and embrace the vintage entertainment. Who knew black and white movies could bring such laughs?

Scorpio (October 23 - November 21): This week, your sibling might mysteriously transform into a mini detective, convinced they're on the trail of the ultimate family secret. Get ready to find them dusting for fingerprints on your favorite snacks and decoding hidden messages in your text conversations. Just remember, their wild theories might be comically entertaining, but the real treasure is the laughter you'll share.

Sagittarius (November 22 - December 21): Your week might resemble a whirlwind reality show! With your sibling in tow, you could find yourselves on a battle to locate form "Home's Largest Rubber Duck Tower." By the end of this 'Bob the Builder' episode, you'll have enough inside jokes to last a lifetime.

Capricorn (December 22 - January 19): Get ready to dive headfirst into an innocent debate with your sibling about the best way to fold laundry. Who knew perfectly aligned socks could be so intense? Amidst all the folding frenzy, don't forget to share a hearty laugh at how seriously you're both taking this homemaking showdown. (while the mothers have the time of their life.)

AQUARIUS (January 20 - February 18): As the week progresses, an impromptu stargazing session could lead to the invention of entirely new constellations. Imagine pointing out "The Pizza Slice" constellation that mysteriously triggers cravings at 12 in the the night. (make sure you are quiet when you sneak the pizza in.)

PISCES (February 19 - March 20): Your sibling rivalry takes an amusing turn as you both compete to deliver the most accurate impression of your family cat's peculiar meow or your dog's signature dance move. These playful impersonations will have you both in stitches.

Wrapping up the Month

VDJS witnessed and participated in an amalgamation of events in the last month. Our school organized U-17 IPSC and also won first place in it. On top of that, our school conducted JAF- Jindal Art Festival offline post-pandemic in which various schools from all over India participated. In addition, our school launched the Wave Tank inter-house competition, which gave students an opportunity to present their creative ideas in front of the entire school. Additionally, an evening was devoted to celebrating India's rich cultural heritage. Under the aegis of 'SPIC MACAY', Society of Promotion of Indian Classical Music Amongst Youth, renowned Bharatnatyam dancer Sushri Ragini Chandrashekhar performed at VDJS.

Its time to wrap up and see you next time at the same place @ VDJS GAZETTE!

छुट्टियाँ.....

जब भी छुट्टियाँ आती हैं,
बच्चे हो जाते हैं खुश,
माता-पिता से मिलने की चाह में,
वे भूल जाते हैं सारे दुःख।
वे बेकरार होते हैं, छुट्टियों के लिए,
और इंतज़ार नहीं कर पाते घूमने के लिए।
घर जाने के बाद,
उन्हें मिलता है सभी का ढेर-सारा प्यार,
जो उन्हें याद आता था,
हर दिन, हर बार।
छुट्टियों की बात,
होती ही है कुछ और,
जो पता होता है हर बच्चे के दिल को
इन्हें याद कर सपनों की दुनिया में बच्चे हो जाते हैं गुम,
जब आता है छुट्टियाँ होने का समय।

चाँद है तो.....

अंधेरे में चमकता,
सूरज के पीछे छिप जाता है,
बादलों से टकराता,
तारों के साथ जग की सुंदरता बढ़ाता है।
चाँद ही है जिसे देखकर
मन में सवाल आता है-
कैसे वह हमेशा सबको खुशी दे जाता है?
कैसे वह अपनी चाँदनी से,
लोगों का तन-मन शीतल कर जाता है?

STUDENT POLL

- *Should exams be subjective or objective type?*

For

Avne Dahiya

I believe that exams should be based subjective type questions because such kind of setting up of a question paper allows us to write elaborate answers to questions given and give more and also allows us to present views in our own language.

Vaishanavi

I am of the view that subjective questions have great advantage over objective ones. While we often say learning should be based on understanding and thus subjective questions give a chance to pupils to express their thoughts and also increases probability to score more marks .

Prapti

I believe subjective questions include value based questions that enables individuals to express their views. Above all descriptive answers are more scoring than objective ones.

Against

Adya

Exams should be based on objective type questions because it will help students to think more analytically and practically.

Ishanvi Kochhar

Exams based on objective questions have options which are usually confusing. This helps students to check upon their conceptual clarity of the subject. Objective questions can be attempted in a short period of time thereby saving time.

Mannat

I would prefer objective type exam as it will help us to have more practical approach towards subject matter and will also sharpen our mind to choose the correct option.
